Mr. Melandro Floro

Adviser, Course Facilitator

Batangas State University TNEU – Lipa Campus

Dear Mr. Floro,

Greetings of Peace!

We are Bachelor of Science in Information Technology students at Batangas State University, the National Engineering University-Lipa Campus, currently engaged in a project proposal for our course, IT 313 – System Analysis and Design, focused on improving the efficiency, accessibility, and transparency of borrowing laboratory equipment. Our initiative aims to develop a IoT-Based Laboratory Equipment Borrowing and Tracking System that provides a smart solution that automates the monitoring, borrowing, and real-time tracking of laboratory equipment using IoT devices for efficiency and accountability.

We kindly request permission to conduct our project activities within the Batangas State University – Lipa Campus in the Physics Laboratory and outside the campus, respectively. This will include surveys, interviews, and community engagement sessions to gather valuable insights. We are committed to ensuring that all activities are conducted respectfully and in accordance with local guidelines.

Thank you very much for your kind consideration and approval of this request. May God bless you.

Sincerely,

Ricohermoso, Rhendel D.

Diogracias, John Marie A.

Marquez, Mike Jhon G.

Maranan, Gezelle Franz D.

Waiver of Responsibility

We, the undersigned, acknowledge that the project proposal conducted by Batangas State University students, whether inside or outside the university premises, is solely for educational purposes. We understand that Batangas State University shall not be held liable for any unforeseen circumstances or incidents that may arise during the creation and implementation of the project.

By signing this waiver, we confirm that the project details have been properly communicated to the concerned authorities and that all necessary permissions have been duly obtained for its execution.
